

ALMATY, KAZAKHSTAN · FOUNDED 2017

Almaty's club. Kazakhstan's ambition.

Founded in 2017 by Veria Lawrence Ebiks, VE-GlobalSportFC is one of the fastest-rising football organisations in Kazakhstan — a first team built to compete now, and an academy built to compete for the next twenty years.

"The best league finish in the club's history so far — and we're not done."

WHO WE ARE

A club built on purpose, not pressure.

Most clubs in Kazakhstan either chase promotion or chase survival. VE-GlobalSportFC was built to do something else: turn Almaty into a city that exports football talent, not just imports foreign coaches.

Since 2017, that's meant building three things at once — a first team that competes with discipline, an academy pathway from U8 to U19, and a growing network of international partnerships that give our players a route beyond Kazakhstan's borders.

We're not the biggest club in the country yet. We intend to be the one everyone else in the region is compared to.

Read Our Story

FIRST TEAM

The squad that wears the shirt.

Thirty players. Five-plus nationalities. One dressing room. Our first team is the competitive engine of the club — built on discipline over talent alone, and results over reputation.

Yassine Arouhi	Nursultan Omuraliyev	Alikhan Tokat	Nurtas Hairulla	Rakhat Dinash	Serikbay Shyngyskhan	Zhomartuly Yeraly	Bakytzhanuky Bekzhan
Samson Alabi	+ 21 more players

THE ACADEMY

We're not just developing players. We're building a pipeline.

VE-GlobalSportFC Academy takes players from their first touch to their first professional trial — U8 through U19, structured so a nine-year-old in Almaty and a nineteen-year-old chasing a European move are both training inside the same club identity.

01

U8 – U10

Foundation

Fall in love with the ball. Technical basics, coordination, confidence.

02

U12 – U15

Development

Learn to read the game. Tactical understanding, decision-making under pressure.

03

U17 – U19

Performance

Prepare for what's next. Competitive readiness, mentality, honest conversations.

FROM ALMATY, OUTWARD

Kazakhstan is where we start. It isn't where we stop.

We've already moved players into transfer conversations with clubs in Croatia — a small but deliberate first step toward something bigger: a football pipeline that runs from Central Asia into Europe, not the other way around. Almaty is home. It isn't the ceiling.

OUR STORY

Founded 2017. Still early. Already moving.

VE-GlobalSportFC was founded in Almaty by Veria Lawrence Ebiks with a specific bet: that Kazakhstani football had more talent than infrastructure, and that a club willing to build the infrastructure properly — coaching, pathways, contracts, international relationships — would outgrow clubs that only focused on this season's results.

Every player CV, every academy trial, every transfer conversation with clubs abroad is part of the same long build. We're not finished. We're not trying to be, yet.

Our Vision

To become the football organisation Kazakhstan is measured against — and one of the first names Central Asian talent thinks of when they think "professional pathway."

Our Mission

Develop players properly. Compete with integrity. Build a structure that outlasts any single season, coach, or squad.

OUR VALUES

Six things we don't compromise on.

Discipline	Talent without it goes nowhere. We've seen it happen elsewhere.
Development	Players, coaches, staff — everyone here is still improving, including at the top.
Teamwork	No individual result matters more than the collective one.
Respect	For opponents, for officials, for the game, for each other.
Ambition	We set targets that make people uncomfortable, on purpose.
Opportunity	A club in Almaty should be able to produce a player who plays in Europe. We intend to prove it.

TRIALS

If you're good enough, we want to see you.

We're not looking for the most technically gifted kid in every trial. We're looking for the ones who are coachable, competitive, and willing to be told they're wrong by a coach who's trying to make them better.
